These are questions you might use to help you think about. You don't have to answer each question as a checklist but they are to give you an idea of the type of information to include.

- What resources did you investigate for your project? Why did you choose them? Were some resources better than others? Did you have any difficulties finding or using resources?
- What printed resources did you use? Why did you use them? Where did you find them? How easy were they to obtain? What was valuable about them?
- What electronic resources did you use? Why did you use them? How did you access them? How easy were they to access? What was valuable about them?
- What human resources did you use? Why did you use them? How easy were they to meet or talk to? What was valuable about them?
- How did you make your choices about what information to use and what to discard? How did you evaluate your sources?
